To Whom It May Concern

Embassy English and Global Student have been working together since 2008 and as the Regional Sales Manager for New Zealand I have been working closely with the Global Student team for several years.

In that time I have found them to be outstanding in the very high level of student support they offer and their professionalism. Global Student are able to effectively recruit in a variety of markets including challenging Gulf State markets. Their extensive knowledge of the market enables them to effectively meet the needs of their students and they work closely with us to ensure that we are delivering the academic outcomes their students wish to achieve.

Global Student have also expanded into the Latin American market and have been strongly supporting Embassy English globally with bookings into our Australasian, American and Canadian campuses. Their ability to support students in multiple countries is a great asset to Embassy English.

I look forward to Global Student growing with Embassy English as they expand into new markets and continue to offer superior service to an increasing number of students.
